Ahoy Everyone!

It is so great seeing members coming to the club and having a good time. Our cruise-in clubs are so impressed with our hospitality that they are already booking for next year. Thank you, **Port Captain Samantha Fox** and everyone else that makes these cruise-ins successful.

Please come down to the club during the Seafood Festival and have a great time. We are expecting over 30 boats to cruise-in!

I will report on Casino Night next in month's Yeoman.

The Nominating committee has done a great job presenting their recommendations for the 2019 Slate of Officers (see flyer in Yeoman). It is very important that our members attend the September 14<sup>th</sup> General Membership Meeting. We will be accepting nominations from the floor, so please be sure to attend.

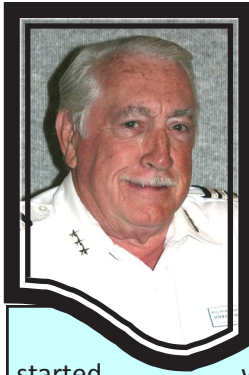

We are in need of chefs for Wednesday Night Dinner! The dinner can be as simple as spaghetti, burgers or a simple personal recipe. Please contact Lynn Fogleman to volunteer.

On the Horizon:

- October 27<sup>th</sup>: PYC Halloween Party
- November 10<sup>th</sup>: Veterans Day celebration
- November 17<sup>th</sup>: PYC Craft Fair

I want to personally thank **Chris Brodsky** for developing flyers for our events. This has been a big help to **Debbie Wagner** and myself.

See everyone at the club!

Whew, that was a hectic July. We started with Diablo YC, then came Sacramento YC—and then Vallejo YC—and then Sequoia YC! They were all fun-loving party goers. The first group was Diablo YC (16 boats) and they ate, drank and danced the whole week. That week nearly did everybody in; we love cruise ins but a week-long party was pretty taxing on our bartenders. We followed that up the next weekend with Sacramento YC (20 boats). That party started on Thursday and ended on Sunday AM. Then Vallejo YC ((10 boats) from Friday to Sunday AM, and next weekend we hosted Sequoia YC (6 boats), as well as Vallejo YC (5 boats on their return trip), from Friday to Sunday AM.

We love these Yachts clubs because they all have great people who just love to have a good time, kind of like our members. But enough of July.

We are now into August and it will be a slow start because we have no events or cruise ins until close to the end of the month.

August 25 is our Casino night and the next weekend we will host San Rafael YC for the last weekend of the month. San Rafael is another fun-loving club so it should be another swinging weekend.

Following that of course, is the Seafood Festival. It is my understanding that we will be booked every weekend in September and October with either cruise-ins or events, so it will be busy fall season.

Stay thirsty my friends!  
Gary McGrath

**DUE DATE**

**NEXT YEOMAN ARTICLES OR SUBMISSIONS ARE DUE ON SEPTEMBER 12TH**

Early submissions are greatly appreciated.

Are you interested in submitting an article or pictures?

Please contact **Debbie Wagner** at [dwagner.g7@gmail.com](mailto:dwagner.g7@gmail.com) or 925-237-6876.

Vallejo YC cruised in on Friday July 20<sup>th</sup> and on Friday the 27<sup>th</sup>. They were joined by Sequoia YC.

Dinner of Prime Rib and fixings was catered by Lumpy's. It was excellent. Despite our club having a cruise-out, we had an excellent turnout from the "usual suspects." I thank you all from the bottom of my 6" stilettos.

Both Yacht Clubs told me that they really enjoyed themselves and are looking forward to next year.

Don't forget Casino Night on the August 25<sup>th</sup> and the San Raphael YC cruise-in on the 31<sup>st</sup>.

I know you are all geared up for the Seafood Festival September 7<sup>th</sup>–9<sup>th</sup>. Please check poster in the Yeoman. We will be having music on Friday and Saturday.

We have Sacramento YC joining us Friday September 28<sup>th</sup>. This will be their 2<sup>nd</sup> visit this year.

- **September 7–9:** Discovery Bay & San Joaquin—Seafood Festival
- **September 28:** Sacramento YC

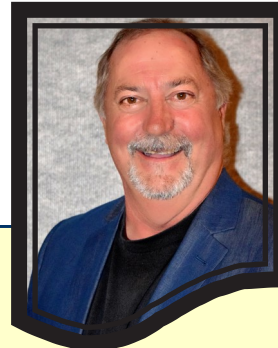

I love you lots xxxx

**FLEET CAPTAIN  
CRAIG SCHOENTHALER**

Fleetcaptain@pittsburgyc.com  
925.383-5800

Hi, fellow cruisers! We had another great cruise-out in July, hosted by **Phil & Cheryl Clark**.

We—**Johnny Morgan, Ben Blair, George & Jan Iaconis, Mari & Dan Dobbs**, and **Craig & Vicki Schoenthaler**—left PYC Thursday morning, for an easy 2 ½ hour cruise down to Mildred Island. Johnny Morgan got his anchors set and the rest of us followed. After we were all safe on the hook, the swimming, drinking and eating commenced.

Friday morning brought us 3 boats from the Carver Club. Lunch time brought us Phil & Cheryl Clark, **Jeff & Sharon Steinman**, and **Frank & Carol Teiche**. Then we started swimming, drinking and eating. Friday night we had an Appetizer Potluck on our boat. YUMO! Saturday morning, some of us had a potluck breakfast, followed by... yep more swimming, drinking and eating. Do you see a pattern here? In the afternoon Phil and Cheryl held the annual Dinghy/Umbrella Races! We had a lot of fun, with very little wind. Saturday night the barbeques were fired up. There were lots of good smells for everyone to enjoy.

Hot days, warm friends, who could ask for more? It's always fun to be on the hook.

Don't forget our Down Bay cruise-out, October 13<sup>th</sup>–20<sup>th</sup>. There is lots of fun planned.

- ♦ **September 7-9:** Seafood Festival
- ♦ **October 8-20:** Oxbow— The Dobbs have big plans!
- ♦ **October 13-21:** Down Bay — To include 2 nights at each:
  - San Rafael YC,
  - Schoonmaker in Sausalito (Bay Model visit),
  - Ballena Bay YC (USS Hornet tour)
  - Aeolian YC in Alameda. S

Should be another fun Downbay! Please join us.

- **November :** Stockton YC Date TBA. They invited us to a Flag Ceremony

See you on the water!

Fleet Captains Craig &  
Vicki Schoenthaler

## RBOC PAUL CLAUSEN

WWW.RBOC.ORG

There is a proposal called "The Frank's Tract Restoration Project" by the State Department of Fish and Wildlife to fill in the western half of Frank's Tract and all Little Frank's Tract to make a tidal marsh / wetland for Delta smelt habitat. It is slowly moving forward. The proposal includes the permanent closure of False River and Piper Slough, which would severely impact navigation to and from Bethel Island businesses and forever close the False River shortcut to Antioch, Pittsburg, and the Bay. There is an alternative plan proposed by Bethel Island resident David Gloski that would achieve most of Fish and Wildlife's objectives but would keep False River open. RBOC will be watching the planning process carefully and will keep you informed.

In my opinion, the "The Frank's Tract Restoration Project" is reliant on the tunnels. The fill required is many millions of cubic yards. That kind of volume would be available with the tunnel dig, but not easy to provide or deliver without tunnels.

The "Calvert Rider" to HR 6147 in the House of Representatives passed the House, but not the Senate. The Bill is now in conference, so we will see if the rider is on the final appropriations bill. The Calvert Rider would prevent any litigation for any reason that may stop or slow the tunnel project. HR 6147 is a huge appropriations bill covering many Departments and Administrations, so it may be in conference for a while.

RBOC has joined a coalition to prevent the state from further regulating lead acid batteries that most of us use in our boats. RBOC has now signed onto the coalition comments to be filed with the state regarding the possible listing of lead batteries as priority products for the safer consumer product regulations.

Boat US has a call to action out on the new regulations for ethanol fuels. Please make your voice heard as the new 15% proposal would be a disaster for many older boat engines, mine included.

Congressman Jerry McNerney, California District 9, who is against the tunnel project, has proposed the West Act in Congress. His description is below.

The Water and Energy Sustainability through Technology Act (WEST Act) includes provisions that support innovative technologies and infrastructure for urban and agricultural areas, as well as efforts to improve efficiency.

"Our water infrastructure is declining and in need of repair," said Congressman McNerney. "Water supply in

## SPECIAL EVENTS & DECORATING CHAIR DENISE DAVIS

nelsondenise2000@yahoo.com

It's almost that time again everyone, when we will be calling all goblins, ghosts and ghouls of the night. It's our Annual PYC Halloween Party—Saturday, October 27<sup>th</sup>. Join us if you dare for some eyeballs, cocktails & witches brew... some tasty snacks like a finger or two!

Please all come & join us for some haunting Halloween spirits and wicked brews. There will be lots of ghoulish great appetizers, a fabulous Italian dinner, and yummy witching desserts.

We will be dancing the night away to the Monster Mash with DJ Watergate. There will be a costume contest and exciting surprises for all you "little darlings." Once again, our scary Decorating Committee team will be flying over on their brooms or floating like ghosts to ensure you all have fun and harrowingly scare with our extraordinary Halloween decorations!

I cannot speak more highly of our decorating committee's creative talents for our 4th of July decorations. As always, our workshops are fun and we all just having a great time.

Denise Davis

California, and across the nation, is a serious challenge, but we've only been presented with short-sighted and ill-conceived plans that rely on the shipment of water from one area to another. Instead, we should be focusing on creating water sustainability through conservation, recycling, and capture."

Paul Clausen

♥ Remembering Ellen ♥

by Marilyn Sperling

The August 9<sup>th</sup> dinner and meeting was held at the Sacramento Yacht Club on the Sacramento River. **Joan Marsh, Jack Michael** and **Marilyn Sperling** represented Pittsburg Yacht Club.

Three of the four recipients of PICYA Foundation Scholarships were in attendance with their parents. Four college scholarships were sponsored by the following: Western States Boating Association; Andy Desmond Memorial Scholarship (Liz Allison); Richmond Yacht Club Delegates Scholarship; and San Rafael Yacht Club Scholarship. The names and photos of the recipients can be found on the [PICYA.org](http://PICYA.org) website.

The Lipton Cup regatta was such a huge success, it will be held again in the same format Father's Day Weekend June 2019. The plan is to have an additional 2 sailboats for a total of 12 J 22's.

The annual California Coastal Clean Up Day is September 15<sup>th</sup> from 9 AM–Noon and I will be working with the City of Pittsburg and the Marina to hold the first ever event here at Pittsburg Yacht Club. All members are welcome to join in. Pittsburg High School students will be attending to get a few hours of community service for their graduation requirement. The club will get 5 COTY points for this event. We will also have a table/booth set up for the Dock Walker - Clean Boating Program sponsored by Coast Guard Auxiliary member **Richard Sperling**. That will be another 5 COTY points for that activity.

The Wheelchair Regatta is coming up on September 29<sup>th</sup> at Encinal Yacht Club. We are looking for donations of toothpaste, soap, shampoo & conditioner for the Veteran's "goody bags"—who will be attending. There is a box in the foyer for donations. If anyone is interested in volunteering their time or yacht for this event, please fill out the member volunteer form online at [PICYA.org](http://PICYA.org).

Call to Arms: Please send letters to our congressional reps regarding the elimination of judicial review of the Twin Tunnels **AND** the plan to fill Frank's Tract to make it a marsh type habitat (using the soil from the twin tunnel project). It's very simple to send an email via the RBOC.org website. Go to this page [rboc.org/call-to-action](http://rboc.org/call-to-action). Click on the Senators email links.

Respectfully submitted,  
Marilyn Sperling

## MEMBERSHIP & MARKETING SHANNON DAVIS

Davis.shannon7676@gmail.com  
303.902.6120

We enjoy welcoming new members to the Pittsburg Yacht Club. Our newest member is **Robert Kemper**. He goes by **Rik**. You have probably met him at one of our dinners or events.

We encourage you to invite your friends or neighbors to visit the club as your guest. They might wish to join too. Some people do not realize that boat ownership is not required to join the club. We prorate the annual membership dues, so to join now through the end of the year is very reasonable!

Shannon Davis

Sharon Rintala's 13th Great Grandchild.  
Born on June 12, 2018  
She weighed 8 lbs. 15 oz.  
She was 21" long.

# LOOKING BACK AT PYC'S HISTORY

PHIL PROMESSI

Past Commodore 1982

In 1849 Colonel Jonathan Stevenson purchased Rancho Los Medanos, about 10,000 acres. On the land Colonel Stevenson founded what he expected to become a great metropolis, New York of the Pacific, but the town fell far short of his expectations and became known as New York Landing. He hired a young army lieutenant, William Tecumseh Sherman, who later became a renowned Civil War General, (a tank that was later named after him was used extensively in WWII and Korea.), to survey and subdivide the town site. The town grew rapidly after the discovery of coal in the Mount Diablo foothills and the name was changed to Black Diamond.

In 1910 the Columbia Steel Company was started in Black Diamond with 60 employees and later became the Columbia-Geneva Division of U.S. Steel. The town became a city and because industry was starting to locate there, they changed the name to Pittsburg, dropping the G to not confuse it with the one on the East Coast. This started an influx of different companies like the Great Western Electro-Chemical Co. that later became Dow Chemical, Johns Manville, Pioneer Rubber, and Shell Chemical established plants there.

In the early 1870s Peter Aiello was the first immigrant to come to Pittsburg from Isola Della Femmine, Sicily. When in San Francisco he heard about the excellent fishing around New York landing. He came by train and stayed for 4 years, then returned to Sicily to get his family with word of the wonderful fishing in the Delta. In a few years a settlement of Italian fishermen was established, and Pittsburg's fishing industry was born. The fishing industry grew and prospered for over fifty years. During most of that time there were more than a thousand men actively engaged in fishing the waters of the Delta region. Canneries sprung up along the river in Martinez, Antioch and Pittsburg. Two of them located in Pittsburg, the Black Diamond and the F.E. Booth canneries. They produced millions of cans of Shad, Salmon and fruits and vegetables. They shipped their products all over the country and even shipped fish to Europe.

In 1934 a group of 10 fishermen decided to get together and form a club. They took out Articles of Incorporation from the State of California and called it the Pittsburg Hunting and Fishing Club. They would get together at a member's house and discuss many items and established by-laws of the club. After a while the club started attracting more members. They decided that they needed a club house for their meetings. They looked for a building that would suit their purpose but could not find one.

There is an Island across from Pittsburg that at that time was called Coney Island. It was called that name because it had a Ferris Wheel and carnival rides. People, mostly fishermen, would get there by boat which was the only way you can get on the island. Next to the Carnival was a house of ill repute (whore house) that had a couple of out buildings. The members of the Fishing Club were getting desperate to find a building so they got the idea to ask the madam if they could use one of the buildings as a club house. She agreed and rented them one of the buildings. Well it wasn't long until their wives did not approve of their husbands going fishing and hunting all the time when they found out they were having meetings at a building owned by a madam of a whore house, so the club got a bright idea. Why not move the building to the mainland? They put the building on a barge and moved it to a lot owned by the City of Pittsburg and placed it on wooden skids. The City charged them one dollar a year as rent for the land. It was located on the corner of Cutter and Coty streets at the Marina. The club grew and became very active. It did not do much during the war years, the carnival closed down and the name of the island reverted back to its original name, Brown's Island. The only thing remaining on the island that reminds you that there was a building on the island is a single lone palm tree in the middle of the island.

Archie McFaul Sr. came to Black Diamond in late 1904 to work as a foreman at Redwood Manufacturers. In 1907 he got into the plumbing business with a partner, C.H. Powell. About that same time Archie's father, James R McFaul arrived in town from Watsonville and started a furniture store. In 1909 the elder McFaul bought out Powell's interest in the plumbing firm and the two businesses merged under the J.R. McFaul & Son name. McFaul's carried all kinds of floor coverings and furniture. In 1907 J.R. McFaul had served as one of the early members of the city council and his son, Archie, also was elected to the board in 1918, serving for 16 years, 6 of them as Mayor. The McFaul store moved to Railroad Ave. near 6th street in 1920. After 59 years at that location it moved again, way out on Railroad Avenue. For many years it was run by a third-generation owner, Archie McFaul Jr. and specialized in house wares.

Archie McFaul Jr. was interested in boating and fishing and joined the Pittsburg Hunting and Fishing Club and became very active. He felt that the club needed to become a bona fide Yacht Club. He got the members together and filed new

*(Continued on page 9)*

*(Continued from page 8)*

articles of incorporation in 1947 and changed the name to The Pittsburg Yacht Club. They then submitted an application and were approved for membership in the PICYA (Pacific Inter Coastal Yachting Association). The Yachting Year Book shows the Pittsburg Yacht Club being established in 1947, but in fact it was established in 1934 under a different name. Archie McFaul Jr. served as Commodore and Secretary-Treasurer in 1946, 1947, and 1948.

In 1978 members Walter and Eleanor Whipple donated the first 10 dollars toward the building of a new Yacht Club building. The club then established a building fund for that purpose. From then on, any money that was made from a function or at the bar went to the building fund. In 1980 Vince Macaluso came to me and asked if I could design a new building. I assumed that the building would be located on the water, but I did not know where, so I designed a generic one. Vince and I went to a City Council meeting and presented the plan to them. They asked us "what took you so long?" They wanted to see the yacht club build a new building. The City was starting to redevelop the marina area and wanted the Yacht Club to build one. Well the club did not have enough money at that time, so we told them we would work on it. The City took my rendering and as far as I know they still have it. Around 1982 when I was Commodore, the PYC Board decided that we could build a new building in the patio next to the club house where we were at the time. We approached member Jimmy DeRade, who was an Architect, to design a building that would fit in the patio area figuring that after it was completed we would tear down the existing building and extend the new one. Jimmy drew up the plans and we presented it to the City and they approved them.

In 1983, Chuck Voss was Commodore. We had a Board of Directors Meeting to award a contract to a contractor to start construction on the building. This is when Vince Macaluso got up and exclaimed he had another proposal. It seems that Vince had been negotiating with the city without the club's knowledge. He presented a proposal from Paul Peterson, owner of White Cliff Homes, that they would build us a building for nothing and we would move in and own the building after ten years. It sounded too good to be true and we found out, it was. He wanted the land we were on for his project and the City wanted him to have it, so they could build the project called Marina Park with townhouses on a channel. So, they wanted us to move out and relocate to a different area. Vince Macaluso presented the offer to the membership at the next general meeting. A motion was made to accept the proposal from Paul Peterson of White Cliff Homes. A committee was formed to have a meeting with Tony Denato, the City Manager. It consisted of Vince Macaluso, Chuck Voss (Commodore), Joe Landry, Harry

Castiglioni, and Phil Promessi (me). During that meeting Paul Peterson informed us that he changed his mind and would not build a new yacht club. He said that he also would not provide any material to build one, but he would pay the club to vacate the premises. He asked us how much we would accept to vacate the lot. Vince Macaluso told him we would accept 125,000.00. The amount we figured it would cost to build the building that Jimmy DeRade designed that we would build ourselves. I was surprised Vince gave him that amount. I felt we could have gotten more, I asked Paul what the interest would be thinking that he was going to loan us the money. He said it was not a loan, but payment to the Yacht Club to move off the lot. He had one condition to the offer, White Cliff Homes would have to approve the final plans of the new building. The new offer was presented to the membership and was accepted. Vince Macaluso informed the City of our decision and informed the City that we wanted a buildable lot to build on. The City gave the Club three choices of lots. The point where the gazebo is now located, the property where the City corporation yard is located across from VJ Marine, and a building located on Marina Blvd. We chose the lot on the point. The City informed us that was not stable ground, so they bored a test hole to see how far down it would take for pilings to reach solid ground. They explained it would take pilings over ninety feet to reach solid ground and would have to go at least another fifty feet to hold a building. That eliminated that location. The other choices were at the City Corporation Yard next to VJ Marine and a building located at the corner of Black Diamond St. and Marina Blvd. They were turned down by the club. We finally agreed to the present location, but there wasn't a channel excavated yet. The property was occupied by the Sea Scouts.

A new Building Committee was formed. It consisted of Joan Marsh Clune—Chairwoman, Bob Clune, Paul Cooper, Paula Cooper, Vince Macaluso—liaison with the City, Harry Castiglioni, Phil Promessi—head of the Architecture Committee, Wayne Lomas, Richard Parks, Don Olsen, and Frank Deteen.

When the channel was finally dug, the City excavated the lot and got it ready for a building. It remained vacant for almost three years because the fill had to settle and be compacted before a building could be constructed on it. In the meantime, the building committee and I were working with Joe Barraco who was the architect that drew the working drawings for approval. The plans were then submitted to White Cliff Homes for approval. After some minor changes, they approved them. They were submitted to the City and a building permit was issued to PYC. General Contractor Jim Odom Inc. was selected to construct the building with the

understanding that he would construct it to the Sheet rock and members of the club would do the finish work on the inside of the building.

At first the City wanted the building to be constructed on a concrete slab that had to be a floating slab. To build a floating slab, it had to be at least twelve inches thick and have 3/4 in. re rod so it could support itself. We hired an engineer to design it and when he estimated the cost of it, he approached the city and informed them that it would be cheaper to place the building on pilings. The City agreed to provide the pilings that the building would be constructed on. The pilings ranged 40 feet to 70 feet and there had to be one every fifteen feet. Not only did the City pay for the pilings, they also installed the outer concrete foundation and concrete walks around the building. They really helped a lot. After a year of construction and hard work of many members, the new building received its certificate of occupation and opened for business, in February 1993, and became THE JEWEL OF THE DELTA
